

**Raise your hand
if you remember the moment...**
you felt you would change a life,
you knew you could make a difference,
you chose to be an attorney.

Help a law student find their calling at the 2012 Equal Justice University!

Equal Justice University (EJU), co-sponsored by the Tennessee Alliance for Legal Services (TALS) and the Tennessee Bar Association, is the annual gathering of advocates, professionals, and pro bono attorneys involved in providing civil legal assistance across Tennessee. EJU provides a unique opportunity to connect with the access to justice community while students earn community service hours and practicing attorneys gain up to 15 hours of Continuing Legal Education credits.

It is our goal to make EJU more accessible to students than ever in 2012. In collaboration with the TBA's Access to Justice Committee's Law School Sub-Committee and Tennessee's law schools, we are working to provide community service credits for law students who attend EJU. Additionally, we are reaching out to attorneys, such as yourself, to contribute to the EJU Law Student Scholarship Fund. Many law students are passionate about serving their communities and interested in public interest law, but cannot afford to attend EJU.

EJU Law Student Scholarship Fund donations are paramount and can fund a student's conference attendance, lodging, or both! Your donation has a broad reach, because it touches not only the students' lives, but enhances the future quality of civil legal services for the poor, elderly, and victims of domestic violence across TN.

\$100 = 1 student's full conference fee
\$500 = 5 students' conference fee

\$250 = 1 full conference fee + lodging
\$850 = 5 students' conference fee + cabin lodging

\$350 = 5 students' lodging in a cabin
