

Share your input with the Task Force on Aging

In August 2013, Governor Bill Haslam announced the formation of the Task Force on Aging. The Task Force was charged with creating a plan to improve the lives and care of older Tennesseans and their families through a collaboration of public, private and nonprofit leaders. Governor Haslam has asked the task force to focus on three areas:

1. promoting healthy aging;
2. creating livable communities; and
3. supporting family caregivers.

The Task Force on Aging is seeking your ideas as they develop their strategic plan to better serve Older Tennesseans and their families. Use the following [link](#) to submit survey feedback directly to the Task Force.
